Alternatives 4 Children (A4C), a charitable foundation connected to the alternative investment industry, has appointed Marjolijn Breeuwer, Bank Head of Investment Management at InsingerGilissen (Quintet Private Bank), and Peter Vermeulen, Advisor of Plethora Precious Metals Fund & Plethora Private Equity, to its board of directors.

Together with their appointment, the governance structure of A4C has been simplified to a one-tier board, increasing its effectiveness, and in line with anticipated rules and regulations.

"We are very grateful to have two new dynamic and highly motivated Directors: their energy will with no doubt contribute to A4C's impactful future. We also take the opportunity to thank our former Board as well as all the volunteers that have helped through the years!" said Marc de Kloe, Co-founder of A4C and Partner at Theta Capital Management.

"I am very pleased to formally join the Board of A4C. As I have learned in the past couple years A4C is a great charity, well-run by a passionate and dedicated group of volunteers and founders. We have a great opportunity to further develop our support for fantastic projects with a very tangible impact on children in less developed regions of the world. I am looking forward to continuing to work with our great team and projects," said Breeuwer.

"I have been attending A4C events since its launch in 2011, and was always impressed by the dedication of its volunteers. Early last year the time had come to

join A4C as an active volunteer, an experience I can highly recommend. This pleasant cooperation now resulted in a board position. Together with the whole A4C team, I am very motivated to support the goals of this wonderful charity, focused on providing children access to (better) education," added Vermeulen.

A4C has also announced details of its annual fundraiser, the Legends4Legends conference. The event will be held at the Amsterdam EYE Film Museum on October 27, 2022.
